STRUCTURES

Having the space you need to pursue your lifestyle choice, can make the difference needed to reach your goals and pursue your dreams, and feeling constant frustration by the limitation of space. We want to fill that need for you.

We want to help you with the space you need to pursue your goals!

You have goals, dreams, and a desire to push through the limitations of where you are now in life. Some things, like space to make those aspirations a reality, don't need to stand in your way.

We can build a shed to fit your needs! when you step inside one of our backyard sheds, you don't think shed! it's a cozy space that can be transformed into whatever you need it to be! It is and feels solid, well insulated, and well built, as it should be!

Whether you need a one room space, or a tiny house feel, we got your back. The structures featured in this brochure are just a sampling of what we can do for you.

Give us a call and lets discuss what would work best for you to allow you the space you need to reach your goals.

Live in a warm climate area? Have us build your structure with double doors, so you can open up both doors and allow the inspiration of nature into your space. Want the light, but not the elements? We can do double doors with 15-lite windows.

Go green with your space by adding a solar panel!

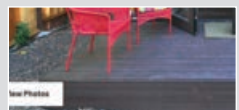

DON'T LET LACK OF SPACE LIMIT YOUR INCOME.

Having a built in shelf/desk, you can save a significant amount of space. Typical desk size is quite deep, and the depth is often not as needed as the width. A built in shelf/desk allows you to choose the depth and save space.

Add custom steps, or a small porch floor to keep the dirt from your shoes at a minimum.

See p... 20-31 for more wall, floor and color options.

For maximized organization space, consider pegboard for one whole wall. This allows you to use your whole wall for hanging baskets, shelves, and all your supplies easily without needing to put excessive holes in your new walls. TIP: consider using the wall where your door is, so that the room feels bigger, emptier and less cluttered when you step inside.

DON'T LET LACK OF SPACE LIMIT YOUR CREATIVITY.
